RENT·A·BOT

A CONTACTLESS CONNECTION SOLUTION

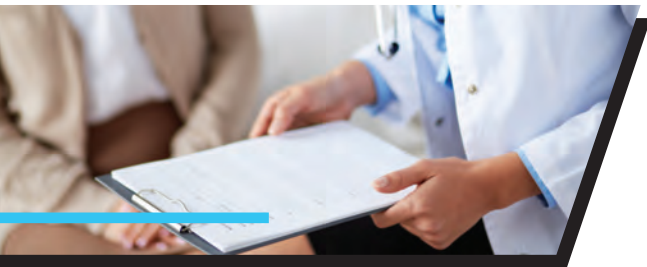

WHAT WE DO?

SENIORS

A solution to constantly keep in touch with elderly family members or patients remotely.

- No Driving Required
- Health Care Providers See Whole Picture
- Stay in Touch With Family

REHAB – OUTPATIENT

Physical therapists can easily and remotely check in with patients to ensure a speedy recovery.

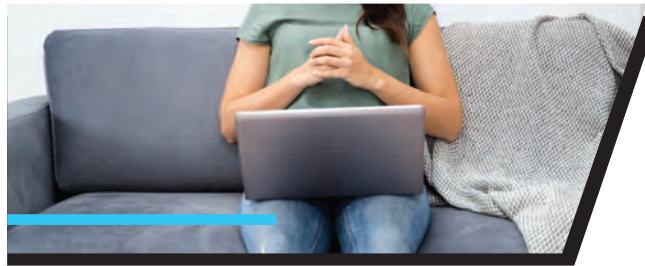

- Hassle-Free Check Ups
- Avoid Setbacks in Rehabilitation
- Comprehensive Physical Therapy

HOME HEALTH CARE

Avoid germs at appointments with remote care that keeps patients in touch with their doctors.

- Entire Health Care Team Accessible
- Stay Connected to Loved Ones
- Avoid Prescription Mishaps

LONG DISTANCE PARENTAL CARE

Worry less about your elderly parent by utilizing remote technology to check in regularly.

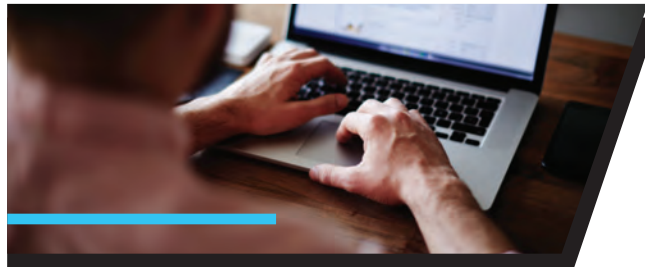

- Stay In Touch With Family
- No Driving Required
- Access Entire Health Care Team

HOSPITALS

Ideal for utilizing less staff inside COVID-19 rooms and communicating to released, high-risk patients.

- Numerous Uses
- Additional Resource For Surgery Patients
- Remote Training

DISTANCE LEARNING

Health care professionals can use this technology to learn remote ways of caring for patients

- Remote Training
- Health Care Providers See Whole Picture
- Easy To Use

REVOLUTIONIZE HEALTH CARE For Patients Or Loved Ones

WHY CHOOSE US?

Our technology connects patients to not only their health care team but their family. It allows all parties to see and understand what the patient is truly experiencing. This drastically eliminates miscommunications that can happen with static virtual calls or strict telephone calls.

1

REVOLUTIONIZE CARE FOR PATIENTS OR LOVED ONES

Your patients or loved ones will receive the care they need in their homes with our revolutionary telepresence technology! They will never feel like they are going through their health struggles alone with this innovative solution.

- Easy & Stress-Free to Use
- Immediate Remote Access
- Freedom of Movement
- Connect from Anywhere
- Completely Contactless

2

SECURE ACCESS FOR HEALTH CARE PROVIDERS AND FAMILY

We understand the importance of security in today's digital age. Rent•a•Bot ensures not only unlimited contact and care to health care providers and family members, but it is completely secure.

- HIPAA Compliant
- Utilizes Our Own Private Network
- Locally Managed By Our Team

3

ACCESSIBLE TO ENTIRE HEALTH CARE TEAM

There are so many ways Rent•a•Bot can be utilized for superior wellness care. Not only is it accessible by family members wanting to check in on their loved one, but it is used by an assortment of health care providers. Those include:

- Physical Therapists
- Primary Care Doctors
- Pain Management Specialists
- Surgeons & Surgeon Assistants
- Pharmacists
